Listening to our residents about what they need and enjoy to do is so important to us – we want to make sure everyone gets the most out of every day. Our Activities

Co-ordinators run a busy programme with lots of variety including visiting entertainers, church services, pet therapy and meals with their family.

Residents are at the heart of life at Earlsferry House and we are very proud of our welcoming and sociable atmosphere.

“Listening to our residents about what they need and enjoy to do is so important to us.”

YOUR WELL-BEING, HAPPINESS AND COMFORT IS OUR FIRST PRIORITY

We want our residents to have a lifestyle that they love, whether this involves continuing hobbies, personalising your bedroom, having regular pet visits or attending clubs or outings.

While all of our rooms are fully furnished, residents are encouraged to really make their space their own by bringing personal items with them. Large or small, we will do our best to accommodate. The majority of our rooms have private en-suite bathrooms, and some enjoy patio doors to our garden area.

Caring for our residents is of paramount importance, which is why our supportive and compassionate team are always on hand, 24 hours a day. We are proud to offer exceptional standards of residential, nursing, respite and dementia care.
